Who we are

Women4women is a non-profit networking group for women with different life experiences and from different cultures living in Dun Laoghaire Rathdown.

We aim to create a space where women from diverse backgrounds can meet, share and learn. We can discuss barriers we experience in life & how decisions are made in the county.

We all are committed to building a sustainable and equal society.

We believe all women have a right to equality, dignity and respect. This value base lies at the heart of our work.

OUR PROGRAMME SUPPORTS WOMEN BY:

Providing Information on Gender Equality

For women to be able to make better choices through a '**DIRECTORY OF SERVICES**' and a strong news section on our website & facebook page
